

Elcometer 8721 Analytical Balance

Elcometer 8721 Analytical Balance

Elcometer 8721 Analytical Balance

The Elcometer 8721 Analytical Balance is a very stable and robust balance due to its metal casing.

Supplied with a glass draft enclosure for higher accuracy of measurements, the Elcometer 8721 allows the user to take repeatable measurements.

Each Balance is supplied with a test weight to allow the user to quickly adjust the calibration of the balance.

Balances

Elcometer offers a range of laboratory scales for accurate measurements during the development of a coating. The Elcometer range of balances provides the user with a choice of standard, analytical or precision balances, with or without an enclosed cabinet.

At a glance

- Supplied with a test weight for easy adjustment of the calibration
- Metal casting making it very stable
- Glass draft enclosure for higher accuracy of measurements
